Hospital Indemnity Insurance
Coverage to help offset hospitalization expenses that may not be covered under your medical plan.

Hospital indemnity insurance: why is it important?

Hospital stays can be pricey and often unexpected. Since most health care plans don’t cover all expenses, taking steps to help protect yourself can make a big difference.

Studies show that you can spend on average $10,000 for a hospital stay in the U.S. A good reason why having hospital indemnity insurance makes good financial sense.

While in the hospital, it’s likely you’ll need various treatments, tests, and therapies to get up and about again. These services can create out-of-pocket costs beyond what your medical plan may cover in addition to deductibles, copays, and expenses that come with out-of-network care.

Unexpected hospital bills are difficult to manage when you lose your income or it becomes seriously reduced. Household expenses like your mortgage, car payment, childcare, or household maintenance may become even harder to keep up with while you focus on recovering.

With an average cost of $10,000 per hospital stay in the U.S., having hospital indemnity insurance makes good financial sense.¹

How it works
Hospital indemnity insurance is coverage that can help safeguard your finances by providing you with a lump-sum payment — one convenient payment all at once — when you or your family needs it most. The extra cash can help you focus on getting back on track — without worrying about finding the money to cover the costs of treatment. A flat amount is usually paid for a hospital admission and a per-day amount for your entire hospital stay.

And best of all, the payment is made directly to you, and is in addition to any other insurance you may have. It’s yours to spend however you like, including for your or your family’s everyday living expenses.

Whatever you need while recovering from a hospital stay, hospital indemnity insurance is there to make life a little easier.

**Hospital Indemnity Insurance**
Coverage to help offset hospitalization expenses that may not be covered under your medical plan.

What is hospital indemnity insurance?

Hospital indemnity insurance works to complement your medical coverage — and pays in addition to what your medical plan may or may not cover. It's coverage that can help safeguard your finances for life’s unexpected events by providing you with a lump-sum payment (one convenient payment all at once) when your family needs it most. The payment you receive is yours to spend however you like. It typically pays, as long as the policy and certificate requirements are met, a flat amount upon your hospital admission and a daily amount paid from each day of your stay (confined to the hospital).

It also provides payment if you’re admitted to or have to stay in an Intensive Care Unit (ICU), as well as payment for receiving other services too.

**Q. How does the payment work?**

**A. We make payments directly to you.**

The amount you receive will be on top of any other insurance you might have and you can spend it however you like. You might use it to help pay for medical plan deductibles and copays, for out-of-network care, or even for your family’s everyday living expenses. Whatever you need while recovering from an illness or accident, hospital indemnity insurance is there to make life a little easier.

**Q. Am I eligible to enroll for this coverage?**

**A. Yes, you can enroll both yourself and eligible family members.** All you need to do is enroll during the enrollment period and be actively at work. Some dependents may not be subject to medical restrictions as outlined in the Certificate, but there are a couple of things to bear in mind. Some states require the insured to have medical coverage and some additional restrictions apply to dependents serving in the armed forces or living overseas.

**Q. I have a good medical plan at work, so why do I need hospital indemnity insurance?**

**A. Hospital stays can be pricey, and often unexpected.** Even the best medical plans can leave you with extra expenses to pay or services that just aren’t covered. Things like plan deductibles, copays, extra costs for out-of-network care, or non-covered services. Many people aren’t prepared to handle these extra costs, so having hospital indemnity insurance is designed to be an economical way for you to supplement your health care plan.
this extra financial support when the time comes may mean less worry for you and your family.

Q. Can I enroll for this insurance without having a medical exam?
A. Yes. Your hospital indemnity coverage is guaranteed, regardless of your health. You just need to be actively at work. There are no medical exams to take and no health questions to answer, so the whole process might be easier than you first thought.

Q. How much will it cost?
A. Hospital indemnity insurance may cost less than you think. It’s designed to be an economical way for you to supplement your health care plan. Exact rates can be found in the enrollment materials provided by your employer.

Q. How do I pay for my coverage?
A. It’s easy to pay premiums through payroll deductions, so you don’t have to worry about writing any checks or missing payments.

Q. When does my coverage begin?
A. Right away — your coverage starts on the effective date of your coverage. There are no waiting periods for it to begin.

Q. Are benefits paid directly to me or my health care provider?
A. Payments will be paid directly to you, not to the doctors, hospitals or any other health care providers. And to make things even easier, the check is made payable to you. There’s no need to work it around any other insurance you may have. Benefits are paid no matter what your other insurance plans may cover.

Q. If my employment status changes, can I take my coverage with me?
A. Yes. This coverage is portable, meaning you can take it with you wherever you go. Your coverage will only end if you stop paying your premium or if your current employer chooses to cancel the group hospital indemnity insurance policy.

Q. Is the claims process simple?
A. Yes. Once we’ve received all the necessary information, claims are generally processed within 10 business days. You only need one claim form per admission or hospital stay and every claim is reviewed by a professional.

Q. Where can I get more information?
A. MyBenefits provides you with a personalized, integrated and secure view of your MetLife-delivered benefits. You can take advantage of a number of self-service capabilities as well as a wealth of easy to access information. MetLife is able to deliver services that empower you to manage your benefits.
